PES University | B.Tech in CSE - AIML | CGPA: 8.02 | Graduating 2027

Objective

Enthusiastic and proactive Computer Science Engineering in Artificial Intelligence and Machine Learning student in the 4th semester, seeking an internship to apply academic knowledge in a real-world setting. Eager to learn and excited to contribute to a dynamic team environment.

Skills

Technical Skills: Python, HTML, Java, C, MongoDB, React

Soft Skills: Programming, Communication, Leadership, Problem-Solving

Languages: English, Kannada

Education

PES University, Bengaluru

B.Tech in Computer Science and Engineering (AIML) | 2023 - 2027

CGPA: 8.02 (Till 4th Semester)

12th Grade (ISC - PCMC): 85%

10th Grade (ICSE): 92%

Projects & Academic Work

- Random Password Generator Using Python:

Developed a program that generates passwords based on user criteria.

PES University | B.Tech in CSE - AIML | CGPA: 8.02 | Graduating 2027

- Audio Visualizer:

Created a platform to convert audio into visual form, allowing users to download and modify the output.

- Alcohol Breath Analyzer Using Arduino:

Detected alcohol levels based on temperature monitoring.

- Chat Bot File Transfer using Wireshark and C:

Facilitated file transfer using a custom-built chatbot.

- Rock Paper Scissors Game (Multiuser) using Wireshark and C:

Implemented game logic with support for multiple servers.

- Website Project:

Developed frontend using HTML and Java, integrated with MongoDB backend.

Internship Interests & Goals

Seeking internship opportunities in software development, data science, or AI/ML.

Strong interest in backend development, data analysis, and real-time systems.

Passionate about learning from industry professionals and contributing to collaborative teams.
